

THE CLEARINGHOUSE

The Illinois Early Intervention (EI) Clearinghouse is here to serve as your resource for information on parenting, child development, early childhood education, early intervention, and helping children with special needs.

The Clearinghouse identifies and collects research-based and best-practice early intervention information to share with families, practitioners, and early intervention providers. Visit our website to access:

- ♦ recommended resources
- ♦ a free lending library of books and DVDs
- ♦ other families' experiences with EI
- ♦ videos for EI continuing education credit
- ♦ resources on autism spectrum disorders

EARLY INTERVENTION

WHAT IS THE EI PROGRAM?

The Early Intervention (EI) Program provides services to help your child grow and learn during the first 3 years of life. It serves families of children from birth to age 3 who have developmental delays or disabilities or who are at risk for developmental delays.

WHY IS EI IMPORTANT?

During the first 3 years of life, children's brains and bodies are growing rapidly. They are learning many new things about the world around them. While all children need love and support to grow and learn, some children need a little extra help. With the right help, your child can reach his/her potential.

HOW DO I LEARN MORE?

For more information or to make a referral to the Illinois Early Intervention Program, call your local Child & Family Connections (CFC) office. For the number in your area, call (800) 843-6154.
